OFFICIAL AFTER & CLOSING PARTIES

Access to all the official after-parties where magical sunrises happen.

Tickets to the festival's official closing party. And it'll be a big one.

As Soundscapes Zanzi will come to a close, we want to celebrate in style with an open bar serving water, beer, wine, spirits, and soft drinks. Top-shelf drinks are also sold upon request.

THE BOAT PARTY

We're grabbing our favorite DJs and heading to the ocean onboard catamarans.

You'll enjoy drinks and snacks all day until we anchor at a gorgeous sandbank island for lunch.

KUZA CAVE AND SOUND HEALING

An unmissable adventure for nature lovers. These ancient limestone caves tell us as much about Swahili history as they do about human history itself. Within its chambers, it is home to a pool known for its healing waters, stemming from the crystalline nature of the cave itself.

In this wildlife sanctuary, the Culture Center has selected Swahili musicians, drummers, and dancers along for the journey.

A sound healer will use the cave's healing properties to magnify the sound healing sessions within the cave.

MORE CULTURAL ACTIVITIES

In collaboration with Le Mersenne Beach Resort Zanzibar, there will be nightly local entertainment from the island. Drummers and dancers will help you welcome the night along with your sunset drink.
